

City Budget Adopted Tax Rate Is \$38.64

The Sum of \$833,744.17 Needed to Carry on City's Business in 1929—Board of Public Works to Borrow \$22,000—Judge Van Buren's New Year's Wish for Mayor Dempsey—Other Matters.

The outstanding events at the regular meeting of the common council held Wednesday evening in the Municipal Building on East O'Reilly street were:

Adoption of city budget fixing tax rate at \$38.64.

Authorizing the board of public works to borrow \$22,000 for current expenses.

Referring matter of increased salaries to finance, ways and means committee.

Judge A. H. Van Buren's New Year's wish for Mayor E. J. Dempsey. The city budget as prepared by Mayor E. J. Dempsey was unanimously approved and adopted without any changes or alterations being made at the meeting of the common council held Wednesday evening at the Municipal Building. The adoption of the budget fixes the tax rate for 1929 at \$38.64 per thousand valuation which is \$1.96 lower than the 1928 tax rate. The budget calls for the raising by tax levy of the sum of \$833,744.17, which includes also the amount of the state and county charges levied against the city.

Seeks \$5,000 Damages.
Frances E. Keyser of 27 Pine street filed a claim of \$5,000 for damages for personal injuries which was referred to the finance, ways and means committee and the corporation counsel. She claimed that on December 6 of last year while she was walking on Wall street and near the gateway to the Sahler Sanatorium, she stepped into a hole in the sidewalk and fell, breaking her left arm at the shoulder. She is represented by Attorney Walter J. Miller.

\$300 Extra Clerk Hire.
City Treasurer Edgar T. Shults sent in a communication asking for an appropriation of \$300 to cover additional clerk hire in his office during the tax collection period. The request was granted and the appropriation ordered made.

To Borrow \$22,000.
The board of public works applied for permission to borrow the sum of \$22,000 for current expenses at a rate of interest not to exceed 4 1/2 per cent. The necessary authorization was granted.

Want "Stop and Go" Light.
Alderman Haines of the Second ward introduced a resolution asking that the board of public works give due consideration to the placing of a "Stop and Go" signal at Foxhall and Flatbush avenues. The resolution was referred to that board.

Seek Increase Salaries.
A communication was read from Mrs. Hilar B. Chataway, clerk of the city court, asking for an increase in salary of \$25 a month. Attached to the communication was also one from City Judge August Shufeldt which approved the application and called attention to the fact that in the past four years the work of the city court had increased 40 per cent.

Alderman James T. O'Reilly introduced a resolution that Mrs. Chataway be granted the increase, and spoke briefly on the resolution urging that it be adopted. It was referred to the finance, ways and means committee.

Alderman O'Reilly also introduced a resolution that the matter of an increase in the salary of the special city judge be referred to the finance, ways and means committee to submit a report on at the next meeting.

Judge Van Buren Speaks.
Alderman O'Reilly said that Judge Van Buren was present and asked that the judge be extended the privilege of the floor. Judge Van Buren in referring to the resolution increasing the salary of the special city judge, which he said was more for the benefit of his successor than himself, called attention to the importance of the city court and the great increase in the number of cases brought before it. During the past year he said that over 900 cases had been disposed of in the court. In closing his brief remarks he said:

The Judge's Wish for the Mayor.
"If I had been running things I would have given the mayor one rose a million times more lovely and more valuable than all the magnificent ones given him by the city officials on New Year's Day. I would have had the cops scoop up a troop of the prettiest girls in the city. I would have them up before the mayor and say 'Now, Ed, take your pick. Its high time you had a wife, and it is your duty to add to the population of the city a drove of little Dempseys. I wish you all a happy New Year, may your cup of life's blessings be filled to the brim, pressed down and flowing over, and may each one of you be six months in Heaven before the Devil knows that you are dead.'"

Mayor Thanked Judge.
Judge Van Buren's remarks were greeted with laughter and applause.

New York Police Raid Speakeasies

More Than Fifty Places Visited and Stocks of Liquor Seized—"Strong Arm" Squad Prepares to Raid City of Gunmen.

New York, Jan. 3 (AP).—Police Commissioner Grover Whalen sent his reorganized police force into a series of sweeping raids on speakeasies last night and then made a personal inspection of the results achieved.

Sweeping from Washington Heights to Greenwich Village, police in squads of three raided more than 50 speakeasies and restaurants, arresting proprietors and employees and seizing entire stocks of liquor.

The raids followed presentation to Commissioner Whalen of a list of places where representatives of an afternoon newspaper said they had purchased liquor. The newspaper said an analysis of 504 samples of liquor showed 55 contained traces of wood alcohol. All the liquor seized by the police was sent to the city chemist for analysis.

The raids were the most extensive made by city police in years and occurred almost simultaneously in midtown Manhattan, the Bronx, Harlem, Washington Heights, and Greenwich Village. As the first prisoners and liquor arrived at the precinct stations, Commissioner Whalen started his tour of inspection.

Accompanied by his chief inspector, John O'Brien, and surrounded by members of his "Strong Arm" squad, the commissioner attracted considerable attention as he walked through the midtown district.

Satisfied With Outcome of Raids.
He expressed satisfaction with the outcome of the night's raids and in a talk to the men promised that merit would receive prompt and increasing rewards.

In one place in Greenwich Village the police not only seized the liquor but wrecked the interior of the place, smashing furniture, mirrors and glassware after ordering patrons to the street.

Meanwhile the members of the revived "Strong Arm" squad, or "Gunmen" as it is known, were organizing for intensive action tonight. The men were ordered to rid the city of gunmen, gangsters, street corner loafers and pool room habitués and to use their fists freely in carrying out the orders.

Two of the squads, each of which consists of ten men, were assigned to duty in Manhattan and one each in the other four boroughs. Working with them will be thirty patrolmen who will concentrate their activities on subway and dance hall "mashers."

Salzmann Heads Charity Board

J. Leonard Salzmann was elected president of the charity board at the annual meeting held Wednesday evening at the City Home for the purpose of organizing for the year.

Commissioner N. D. J. Murphy, who had been appointed the first of the year by Mayor Dempsey to succeed John Lang, whose term had expired, attended his first meeting that evening. The other members of the board who were present are President Salzmann and Commissioner W. Anderson Carl.

The board re-appointed as the city physicians Dr. Fred Huhne and Dr. Harold L. Van Nostrand, to serve during 1929.

There was no other business transacted and the board then adjourned.

Engineer Roe Makes Last Trip

Long Railroad Service Completed by Kingstonian on Last Day of Old Year—Friends Give Him Hearty Greeting.

When Train No. 22 of the West Shore Railroad departed from Kingston Monday afternoon at 5:33 o'clock it was carrying its engineer, James Roe, to the end of a long career as a railroad employee.

Mr. Roe is the son of the late John Roe who taught school in the public and parochial schools of Kingston and vicinity during the last half of the past century. He was born in the Chapel Hill section of Kingston, a locality that saw the birth of such skilled locomotive engineers as Amos Garrett, George Fisher and George Schick.

In 1882, following the precedent of his aforementioned neighbors, Engineer Roe started his railroad services as a drill runner when the West Shore Railroad was extending its tracks through Kingston. However, his ambition would not permit him to stay in that capacity and soon brought him to the railroad's transportation department. In that department he was employed successively as a wiper, freeman and finally as an engineer.

It was in the last named position that Mr. Roe experienced his longest duration of service, nearly forty years. And during those forty years of Mr. Roe's career he has seen railroad development in the United States reach its zenith of activity. State wars, cut throat competition and interlocking directorates have conquered the nation thought. The Interstate Commerce Commission has been established, the eight hour day has become a reality, the air brake, the automatic signal, the electric headlight and "taking water on the fly" have marked the railway's progressive trends.

An Engineer's Daily Concern.
Throughout the nation Vanderbilt, Hill, Gould and Harriman have seen their dreams of great trunk lines become real. All this time in our own midst engineers like Fisher, Richards and Roe were laboring humbly with other concrete and more immediate problems. The amount of oil, coal and energy to be expended in making a trip from Weehawken to Ravena was their daily concern.

And, although the tireless thought of these engineers to such seemingly minor problems was a source of merit and banter for their companion conductors and trainmen, still they give rise to material for further thought. Thus the mere incidents of the old engineer's daily tasks are today factors that make for high points of efficiency in modern train running. So true is the last statement that today no great railway system is without its supervising engineers, whose duty it is to maintain efficiency.

Mr. Roe always has submitted to his supervision cheerfully, attentively and profitably. He was always a keen student of all the characteristics peculiar to the movement of any engine when pulling a train of cars.

When on duty he was passionately every station on schedule time and to leave in the same manner. Likewise the qualities of his personality are those that are typical of every good railroad engineer, viz: faithful, painstaking and punctual.

Mr. Roe's service has earned him as it has many of his predecessors, an honorable retirement, and, through the rest of his life no doubt he will be looked to as a source of inspiration, veneration and emulation for many a younger engineer.

Tributes at Every Station.
On his last day's journey Mr. Roe was the recipient of presents and congratulations from fellow employees and friends as a tribute to his meritorious services at every station. At Albany and Kingston he was especially lauded. In this city his sisters, Mrs. Anna Hyde and Mrs. Mary Maloney, elderly women, were at the station to greet him together with several nieces, nephews and friends. His other sister, Mrs. Fannie Cahill, could not be present but was represented by five sons and two daughters.

In the midst of the hand shaking and merry making Mr. Roe's nephew, James R. Cahill, a local coal dealer, presented Mr. Roe with a beautiful basket of flowers on behalf of his relatives and friends. After this incident Mr. Roe's train sped on with many a kind adieu for his engineer.

TROTZKY REPORTED IN GOOD HEALTH AND BUSY WRITING

Moscow, Jan. 3 (AP).—Rumors that Leon Trotsky was sick and that he was to be transferred from Alma Ata to a health resort were denied by the authorities today as well as persons who recently returned from Alma Ata, where they saw the former head of the Red armies. These travelers said Trotsky was in good health and devoting much of his time to writing. He also was hunting in his spare hours.

WEST CAMP AUTOIST DENIES TROOPERS' CHARGE.

Henry Krom of West Camp, when arraigned before Police Justice Charles H. Bennett of Saugerties Wednesday morning, denied charges that he drove a car while intoxicated on New Year's day, preferred by Sergeant Lockhart and State Trooper Metzger. Krom asked for an adjournment and his hearing was set for January 5.

Prisoners Must Be Indicted and Then Sentenced

Ulster County Has Several Prisoners Who Will Be Brought Back—Action Follows a Decision by the Court of Appeals.

Dr. Raymond F. C. Kieb, commissioner of correction, has sent to district attorneys throughout the state a letter notifying them that prisoners now serving time for crimes in institutions who were sentenced there without the formality of being indicted, must be returned to the counties from where they were sentenced and await grand jury action.

This action follows a decision by the court of appeals sustaining a decision of a judge who held that the accepting of pleas of guilty in such criminal cases on information filed with the court was illegal. Since 1925 under a law then put into effect a defendant might plead guilty to a charge on information filed with the court and thus eliminate the action of the grand jury. Although this made less work for grand juries and permitted a much quicker disposition of criminal matters it has been held illegal.

In Ulster county the practice was followed until some time ago when District Attorney Traver decided that in view of some question as to the legality of the practice it would be well to discontinue sentencing under that provision of the law. Later when the appellate division had sustained the legality of the law the practice was resumed and consequently Ulster county has several prisoners now serving time in institutions. Then came the decision of the court of appeals which has upset the proceedings of practically all of the counties in the state.

In all some forty defendants in this county have taken advantage of the law which permitted them to plead without waiting for the grand jury action. In the majority of these cases the sentences were short and have been served. However, there are still several who are serving time and these defendants will be brought back and after grand jury action has been taken they will be tried. Several are at Dannemora in Clinton State Prison, others are at Elmira Reformatory and several are at Napanoch.

The various institutions will be notified of the cases which come under the decision and these defendants will be returned to the county from where they came. The cases in Ulster county will probably be considered by the grand jury which meets in March.

Roosevelt Will Confer About Jobs

Albany, Jan. 3 (AP).—Governor Roosevelt indicated today that he would defer dispensing state patronage until after he had conferred with various leaders of the Democratic party.

One exception, however, will be in the appointment of a supreme court justice to succeed Irving G. Hubbs, elected to the court of appeals, in the Fifth Judicial district. This appointment, the governor said, is to be announced before the end of this week.

The successor to James Gibson, who resigned yesterday as a judge of the court of claims to become second assistant attorney general, has not yet been given consideration by the governor. Mr. Roosevelt also said that he would have nothing to say regarding the office of conservation commissioner, now occupied by Alexander Macdonald, or that of superintendent of the division of standards and purchase, held by Frank R. Utter, both of whom are Republicans, until after he had talked with both officials.

John W. Henry, Erie county Democratic leader, and Frank Morris, chairman of the Wyoming county Democratic organization, called on the governor today. The governor said later that patronage in western New York was the subject of the discussions.

"Let's talk," Governor Roosevelt said, "was concerned with places that was vacant or are to be vacant rather than with the names of possible candidates."

BAUSCH, FOUNDER OF OPTICAL COMPANY, DEAD

Syracuse, N. Y., Jan. 3 (AP).—George Bausch, 74, of Syracuse, relative of one of the founders of the widely known firm of Bausch and Lomb, of Rochester, died today in a sanitarium at Canandaigua, N. Y.

Mr. Bausch, the first optician in Syracuse, came to Rochester from his native Germany at the age of 15, working for his uncle at the Bausch and Lomb plant.

Mr. Bausch founded an optical company bearing his name in Syracuse in 1850.

Governor Advises Winners Named State Committee In Local Christmas Lighting Contest

After careful consideration of the many beautiful displays of Christmas decorative lighting in this city, the judges announce the following as their decision:

Residential Contest.

The first and second prizes for the commercial contest are on display at Wonderly's, Wall street, and for the Central Association at Oppenheimer's, Broadway.

Tourists through the city this holiday season expressed the thought that Kingston was more beautiful this year than last and that it was one of the most beautiful in the state.

Due to the fact that there will be many people who will wish to view the prize winning displays, the winners have agreed to keep their decorations up over this week end.

Toy Recovered From Boy's Throat

Cincinnati, Jan. 3 (AP).—A feeling of great relief was evident among attendants at the Mithoefer Hospital here today where Frankie Brooks, 18-months-old Asco, W. Va., baby was on the road to recovery after suffering more than two weeks with a toy motorcycle lodged in his throat.

Surgeons late yesterday inserted an acrophagus scope, a sort of tube, in the boy's throat and drew out the obstruction, the actual process requiring only one minute. No incision was made and no anaesthetic administered, physicians said.

"Frankie is doing fine and probably will be back in Asco before many days," a physician said. The baby developed pneumonia shortly after he was brought here and physicians were not hesitant in stating his condition was grave. It was because of his weakness that the toy was not removed sooner. Doctors had to confine their efforts to building up the child's strength. This was accomplished by feeding him liquids and medical nourishment. He was unable to take solid foods.

Frankie swallowed the toy when eating a package of pop corn in which it had been concealed as a prize. Attention of many persons in all parts of the country was focused on the child during his affliction. Telegrams, night letters, telephone calls, special delivery and other letters continued to pour in offering aid and making suggestions.

BUCKLAND ELECTED HEAD OF NEW HAVEN DIRECTORS

New York, Jan. 3 (AP).—Edward G. Buckland today was elected chairman of the board of directors of the New York, New Haven and Hartford railroad.

It was announced that he would have the authority and power to perform the duties of president of the railroad until a president is selected. Edward J. Pearson, former president of the road, died recently at Baltimore.

Buckland has been connected with the New Haven system in various capacities for a number of years and has been its vice president.

Fletcher May Hold Important Post as Hoover Adviser

Ambassador to Italy. Familiar With Latin-America Conditions and Officials, Has Been Valuable Aide on Good Will Tour Now Nearing End.

Assigned U. S. S. Utah, en route to Hampton Roads, Jan. 3 (AP).—The assistance rendered by Henry H. Fletcher to Herbert Hoover on his Latin-American good will tour probably will result in the present ambassador to Italy becoming one of the chief advisers on foreign affairs to the new president, particularly in Central and South American relations.

While there has been some talk of Mr. Fletcher for a cabinet position, just what place he will have in the new administration is for the president-elect to decide and he is keeping his own counsel. However, it is known that he regards the ambassador as one of the ablest of the personnel of the diplomatic corps and is highly pleased with his work as a member of the good will mission.

One of the major foreign policies of Hoover's administration will be the fostering of better relations with other American Republics, and it is expected that Mr. Fletcher's advice and counsel will be called for frequently, as he has a very wide circle of friends among the governments of the Latin-American republics.

Fletcher's Diplomatic Career.
Mr. Hoover has known Mr. Fletcher for many years and kept his eye on his work both in the diplomatic service in the Americas and in Europe, where he was ambassador to Belgium as well as Italy, having been sent overseas after a term as under secretary of state.

Besides representing the state department in Chile as minister and ambassador and in Mexico during a delicate period of the World War, Mr. Fletcher has been a delegate to practically all Pan-American conferences held in recent years.

Mr. Fletcher had been called to Washington from Rome for the Pan-American conference on arbitration and conciliation and consequently was available for the assignment personally requested by Mr. Hoover.

Everywhere he visited as friend. Everywhere during the tour he was hailed as a friend by officials of the various governments and the fact that the president-elect brought him along apparently was accepted as further evidence of his sincere desire sympathetically to study conditions in Latin-America and to understand the people and their problems.

Both in Chile and in the larger cities of other countries visited, the newspapers devoted special articles to Ambassador Fletcher and in Santiago the papers had editorials welcoming him.

The battleship Utah bearing Herbert Hoover home after his good will tour of Latin-America was approaching home waters today. It was approximately nine hundred miles due east of Florida and only a little more than a thousand miles from the Virginia Capes. Weather conditions continuing good but the trade winds were still kicking up sufficient sea to give the ship a long easy roll with some pitch.

Army Bill Calls For \$435,428,415

Washington, Jan. 3 (AP).—Carrying large increases for flood control, Army pay, aviation expansion and new construction at military posts, the Army Appropriation Bill was reported today to the House.

Calling for the expenditure of \$435,428,415 by the War Department during the next fiscal year, the measure was the fifth of the nine regular annual supply bills to come before the House this session, four having been passed before the holidays.

The total, providing \$228,333,815 for national defense and \$107,092,600 for non-military purposes, represents an increase of \$35,111,774 over the current fiscal year appropriation and an increase of \$256,698 over budget estimates.

The largest military item in the bill is \$133,559,368 for pay of the Army. This is an increase of \$3,215,955 over this year's pay fund, and is recommended to take care of 200 additional second lieutenants for the Air Corps, advancement of officers to higher pay periods, longevity increases, and retired list expansion. The measure contemplates no change in the enlisted strength of the Army, now 118,750, but would raise the officer strength from 11,733 to approximately 12,000.

In the non-military provisions \$50,699,999 is included for maintenance and improvement of more than 500 rivers and harbors works, while \$35,000,000, an increase of \$29,000,000, is provided for Mississippi flood control.

Tremaine Reappoints Deputies.
Albany, Jan. 3 (AP).—State Comptroller Morris S. Tremaine today announced the reappointment of his three deputies, Gerrit E. Lansing of Buffalo, Abraham L. Doris of Brooklyn, and F. Stanley Griffin of Clifton. Harold A. Vivian of New York city, Mr. Tremaine's secretary, also was reappointed.

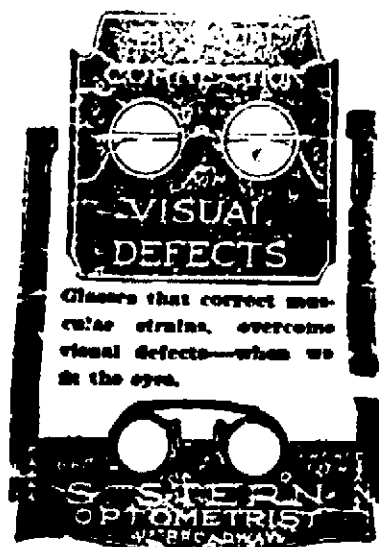

New York Fruit Growers' Program

Leading fruit growers and officers of the Western New York Horticultural Society are advocating radical changes in practices to the Western New York growers if they wish to continue to be a factor in the apple industry.

The movement got its start when the officers of the society accepted the invitation of the Virginia Horticultural Society to visit their fruit belt the latter part of August. The way the Virginia growers go about the business of growing apples and their prospects for the future not only filled the New York men with admiration, but caused them alarm at the rate that Virginia was cutting into Western New York's reputation and market.

Leading growers, officers of the Horticultural Society, and representatives of the Farm Bureau got together and laid down a program which they consider necessary for the fruit growers to adopt to prevent complete destruction of Western New York's place in the apple business. The four planks on the platform are:

Standardization of varieties.

Economy in production. Better packs and the enforcement of the apple grading law. Better marketing and advertising of Western New York fruit. The Western New York men have been hard hit. Necessity has awakened them and made them think the matter through. Their program is sound and has taken into consideration the basic economic principles underlying the apple industry, principles which any fruit growing region no matter how well favored or how prosperous would do well to keep in mind.

BLUE MOUNTAIN.

Blue Mountain, Jan. 3.—Mrs. Henry Reynolds and children, who have been spending a few days with her mother and sister at Highland, have returned to their home here.

Mr. and Mrs. William Hommel were guests of Mr. and Mrs. Fred Cole of West Saugerties on New Year's day.

Mr. and Mrs. Joseph Snyder of Saugerties spent Sunday with Mr. and Mrs. Melvin Schoonmaker. Henry Fastert has returned to New Jersey after spending the holidays with his family here.

Mr. and Mrs. George Yerry and daughter of Phoenixia spent Sunday with Mr. and Mrs. Henry Carle.

Henry Myers of Haines Falls called on his parents, Mr. and Mrs. Charles Myers, on Sunday afternoon.

Mrs. Claude Hommel and children spent Thursday afternoon at West Saugerties.

Leon Willis and Mrs. Fred Cole and son, Walter, of West Saugerties, and Mr. and Mrs. William Hommel of this place, also Cecelia Hommel of Saugerties spent an evening recently with Claude Hommel and family.

The Misses Ruth and Evelyn Schoonmaker of Saugerties spent Saturday afternoon with their sister here.

Action of Explosives

The belief that gunpowder explodes upward and high explosives downward is erroneous. Each explosive tends to act in all directions. However, when powder is placed on a surface it does not actually shatter the object it is in contact with, while dynamite goes off so rapidly that it does shatter the object it is in contact with, and the hole it makes in the earth is greater than that which the powder makes.

WEST SHOKAN.

West Shokan, Jan. 3.—The New Year's eve party given by Miss Gladys Vandemark proved to be, as was predicted, an outstanding social event, the guests being profuse in their expressions of praise for the evening's pleasant entertainment furnished by their charming hostess.

Mr. and Mrs. Arthur Snyder and daughter, Mrs. Watson Bishop, also Donald and Robert Bishop, were pleasantly entertained at the home of Mr. and Mrs. Chase W. Davis of West Shokan Heights, on New Year's eve.

All are very sorry to hear that Mrs. Edward Avery of Maple Dell Farm, who with Mr. Avery is visiting friends at Cuba, N. Y., is reported sick in bed with the flu.

Charles O'Connor is making a short visit with friends here.

Sarah Florence, the young daughter of Mr. and Mrs. Morton Roe, of West Shokan Heights, is not well. All sincerely trust that this condition is but temporary.

Sympathy is extended to the Winkler family, of whom several members are ill with the flu, which is at this time very prevalent.

Miss Charlotte Merkle of Kingston spent New Year's as a guest of her friend, Miss Ernestine Hesley, at her home, the Fairview Farm, on West Shokan Heights.

Dr. Dumond is kept busy attending the many cases of flu in this vicinity.

Donald Bishop returned to school at Mt. Hermon, Mass., on Tuesday in company with J. Longyear of Phoenixia and his son, Cornwall, the company making the 150 mile trip by motor.

E. C. Burgher is being burdened by a severe cold which one day caused him to remain in bed. He is now able to be up and around the house.

While grinding sausage meat last Saturday Mrs. Chase Davis caught one of the fingers of her right hand in the grinder which was being turned by her husband, whereby the flesh and most of the nail from the first joint of the third finger was stripped from the bone, causing a very painful injury. She was attended and the wound dressed by Dr. Dumond.

Charles Hasley butchered a well-fattened beef cow which dressed 415 pounds. He also killed a corn fed porker. The farmers surely do thrive on fresh meat during the winter.

Mr. and Mrs. James Burgher are the proud owners of a new Ford, Model A, four-door sedan, which was purchased of Lake View Garage at Astokan, the local Ford dealers.

Mrs. Angeline Rooma with her daughter, Mrs. Ray Weiss, were dinner guests of Mr. and Mrs. James Burgher at Maple Dell Farm on New Year's, the glad occasion being in honor of Mr. Burgher's natal day.

All regret to lose for the remainder of the winter months the good neighbors, Mr. and Mrs. Philip Dwyer, who in the near future expect to spend the intervening time with their daughter, Mrs. Katherine Sherman, of Kingston. They will be missed not only by

children, who are often called in to get warm, but by those who may be waiting for the arrival of the bus or mail man.

Mrs. J. M. McRoberts of Tuckaway Farm, who has been ill with flu and threatened pneumonia, is improved.

Mr. and Mrs. C. H. Weidner were entertained by friends in Kingston on New Year's eve.

The weather man furnished all with a variety on New Year's Day, a two inch snow fall in the morning, changing to a sleet and rain storm continuing through the day and accompanied during the evening by strong winds and clearing weather, which caused slippery traveling next day.

Until further notice the time of Sunday service at the Baptist Church will be at 2 o'clock.

Alfred Bell, who had been confined to the house for many weeks, is now able to get out with the aid of crutches.

Friday last Miss Eldora Crispell of Broadhead was taken with a severe hemorrhage of the nose. Dr. Dumond was hurriedly summoned but by the time he arrived the bleeding had been stopped. Although weak for a few days from the loss of blood, Miss Crispell was able to resume her studies at the opening of Kingston High School on Wednesday.

The schools of the community opened Wednesday after being closed during the holidays.

It is said that Dr. Pace of Phoenixia has been taken ill with the flu. Mrs. Lillian Hanna of Hayonne, N. Y., who had been spending a week at Beesmer Inn of Broadhead, returned home on Tuesday. Her sister, Mrs. Joseph Stanton, who accompanied her here, together with her nine and ten year old sons, expect to remain for some time and the boys attend the Broadhead school.

Mrs. Stanton, who had suffered a nervous breakdown, is already improved in health, due to the wholesome home cooked foods served by Mrs. Beesmer, and the invigorating air of the Catskills.

William Beesmer butchered a 400 pound porker one day recently, which required the services of a number of willing workers.

John Jordan of West Shokan Heights, visited E. C. Davis on Tuesday.

Inquiries are being made as to when another masquerade party will be given at Colange Hall.

The installation of officers at Shokan I. O. O. F. Lodge will take place on Saturday evening of this week, January 5. A cordial invitation is extended to all Odd Fellows in good standing in this and nearby communities. At the close refreshments will be served.

Work for Science

"Certain large tracts in the Rocky mountains have been set aside as 'wilderness' to be preserved, untouched by recreation or commercialization, for scientific study." And why not also segregate tracts elsewhere in the land for exclusive scientific study of human narrow-mindedness? We could suggest a number of promising spots.—New Orleans Times-Picayune.

In Memoriam.
In sad and loving memory of my grandmother Phoebe Simsbrough, who died three years ago today, January 3, 1926.
Days of sadness still come over me. Since you've passed away.
Tears of absence often flow.
For the memory keeps you near.
Since you've passed away.

Financial and Commercial

New York, Jan. 3 (AP).—Heavy credit-taking which brought about sharp reactions of 5 to 15 points in some of the high-priced specialties unsettled today's stock market after an opening outburst of strength had carried more than a score of issues into new high ground.
While most observers regarded the setback as a natural correction of a temporarily top-heavy speculative position, some selling also is believed to have been influenced by fears of a large increase in income and a possible advance in the federal reserve reduction rate.
A delay of 45 minutes in the stock ticker just before 1:00 o'clock also inspired profit-taking because of the virtual impossibility of keeping informed of developments on the floor. Such delays in the past frequently have been utilized to advantage by bear traders, who have been able to force reactions of several points in speculative issues before sufficient buying support could be organized to stem the decline.

Society Notes

College Women to Dinner.

The annual dinner of the College Women's Club will take place at the Governor Clinton Hotel on Tuesday, January 8, at 7 o'clock. Those wishing to attend are asked to telephone Mrs. Arnold, 110, or Mrs. MacKinnon, 3394-M, by Saturday, January 5.

New Year's Eve Gathering.

Mr. and Mrs. George Every entertained a number of friends from Kingston and also from out of town at their home, 414 Washington avenue, New Year's Eve. Music was furnished by Mr. Davis. Dancing was enjoyed during the evening. Refreshments were served by the young ladies. The guests left at a late hour, all having spent an enjoyable evening.

Engagement Announced.

The engagement of Miss Marion K. Fitzpatrick, graduate of New Paltz Normal School, to John H. Britt of Elmhurst, L. I., has been announced by her mother, Mrs. J. E. Fitzpatrick, of 15 Innis avenue, Poughkeepsie. Miss Fitzpatrick, who is a graduate of Poughkeepsie High School, is now teaching in Public School No. 3 of that city. Mr. Britt is connected with a New York bank.

Deyo-Moehling.

Mrs. N. Scadde of Yarmouth street, announces the marriage of her daughter, Anna Jane Moehling, to George J. Deyo, son of Mr. and Mrs. Chester Deyo, also of Yarmouth street. The marriage ceremony took place on December 25, at the Church of the Holy Cross, Pine Grove avenue and was performed by the Rev. Gregory Mabry, pastor. The bride was attended by Miss May Horvers, while David Smith of Newburgh acted as bestman. The bride was given away by her stepfather. She wore a dress of white satin and Spanish lace with a Spanish head-dress. She carried a silver shower bouquet of white roses. The bridesmaid was charming in a dress of peach color with a picture hat to match and carried a bouquet of tea roses. The bride's gift to the bridesmaid was a ruby ring in a green gold setting. The groom's gift to the bestman was a pair of gold engraved cuff links. After the ceremony a reception was held at the home of the bride. A blue-plate chicken dinner was served at which Miss Anna McGlynn gave a toast to the bride and groom. Pete Boice and Ralph Arace furnished music for dancing.

CHILDREN OF MARY OF ST. PETER'S CHURCH

Members of the Children of Mary of St. Peter's Church are expected to receive Holy Communion on Sunday, January 6, at the 8 o'clock Mass. As this is the feast of the Epiphany, every sodalist is expected to carry out this spiritual duty and take advantage of the special indulgence that can be gained.

On Monday evening, January 7, at 7:45 o'clock in the school hall the regular monthly meeting will be held. The promoters of the Propagation of the Faith will hold their monthly meeting in conjunction with the Sodality meeting. All promoters are requested to be present in order that a new list of members be compiled for the main office of the society in New York city.

During the social hour which follows the meeting, a playlet, "Obedience," will be presented by Mary Connelly, Theresa Gehringer and Gertrude Melbert, three of the youngest members.

Another year of successful service and activity has passed into the annals of St. Peter's Sodality. In the name of the clergy and officers, gratitude was expressed for the cooperation given by the members. Officers for the year were elected as follows: President, Connie Ringwald; vice-president, Annz Krass; secretary, Mary Koeds; treasurer, Mathilda Bruck; sacristan, Cassie Nicholson. The chairladies of the entertainment and reception committee, Agnes Bruck and Anna Porch, were reappointed.

Will to Remember

Our light must shine in freedom from care save for one another, in interest in the things of others, in forgiveness and kindness, in courtesy and graciousness.—George MacDonald.

ELEANOR GUNN ON FASHIONS

THE MARINE IDEAL—SCARF WAVE WELCOME TO THE SAILOR COLLAR.

New York.—That there is a nautical flavor to the newest fashions destined for a southern career seems everywhere apparent. It often finds expression in collars. Since the sailor collar has youth on its side, it seems reasonably sure of meeting with favor. Some assume almost berth-like outlines and it is pointed out that the width of this type of collar makes a slender hip line more marked.

Another more ultra version of the marine idea is the predicted preference for flannel trousers for beach wear, an aftermath of the pajama vogue and topped usually by a pea-jacket inspired by the brass buttoned jacket of our jaunty tars. That navy and marine blues will be smart is a

Flashes of Life Sketched in Brief

(By The Associated Press.)

New York.—Michael Strange, back from abroad for the first time since her divorce from John Barrymore, wishes everyone in the world happiness, and that includes John and Dolores Costello Barrymore, and herself. "I have a tremendous romance on," she amplified, "but I cannot give it away just yet."

Vienna.—Wilhelm Miklas, schoolmaster who became president, is having a hard time finding a suitable home for himself and eleven children. He will have none of palaces and mansions offered him, but wants a flat near his office.

New York.—Alice White's contract for making movies provides that she shall constantly take counsel with her conscience and if she has violated its dictates she must tell her employer and take such steps as may be prescribed to remedy matters.

Providence, R. I.—Mrs. E. H. Roberts, president of the state W. C. T. U., desires the Society of Colonial Dames to amend its plan to refurbish the house of signers of the Declaration of Independence with such articles the house contained in 1783. She objects especially to bottles, phials and barrels.

Springfield, Mass.—Mayor Parker is indignant that spilled liquid is away some bronze paint on the radiators in the mahogany room of the municipal auditorium during a Junior League ball.

Washington.—New way to catch a mackerel. Make it keep still. Professor F. H. Hall of Duke University has found that these fish are asphyxiated when their forward motion ceases.

Washington.—The highest fliers, as officially recognized by the National Aeronautic Association: Women, Miss Louise McPhetridge, 20,270 feet at Oakland, Cal., December 7; men, Lieutenant C. C. Champion, U. S. N., 39,418 feet.

Much Interest in Moon

Although total eclipses of the moon are far more generally observed than total eclipses of the sun, since they may be seen from more than half of the earth's surface while a total eclipse of the sun, according to the American Nature association, is visible only within a very narrow path of great length, yet they are not of so common occurrence that they pass unobserved or fail to arouse popular interest.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

LAST NIGHT on the RADIO

Reception Wednesday evening was the best in a week or more. There was good volume and little fading or distortion. Western stations were especially good.

Florence Austral, dramatic soprano from Australia, and John Amadio, Australian tenor, will feature the Atwater Kent Hour Sunday night, assisted by the orchestra under the leadership of Josef Pasternack. Miss Austral made her operatic debut in 1922 in London, where she had continued her studies, following her work at the conservatory in Melbourne. She made her first American appearance at the Cincinnati Music Festival. Amadio is a native of Wellington, New Zealand, and at the age of twelve was playing with the Wellington Orchestral Society. At fifteen he became the principal tenor with an Italian grand opera company which toured Australia, later succeeding to the Meibohm Opera Company. He has appeared as solo artist in Rome, Paris, Berlin, New York and other cities.

Grace Moore, twenty-seven year old prima donna of the Metropolitan Opera, will be the guest artist on Monday evening. A varied program of popular classics, ballads and modern songs will be given by Miss Moore, assisted by a symphony orchestra, a quartet and other soloists. Miss Moore made her grand opera debut less than a year ago when she sang Mimì in "La Bohème." The young singer became well known from her appearances in Raymond Hitchcock's "Hitchy Koo," and Irving Berlin's "Music Box Revue." Two years ago, however, at the height of her success as a musical comedy star, she retired from the stage to devote all of her time to the study of grand opera.

The graceful music of many countries will be played by the Barre Little Symphony Orchestra in the weekly broadcast of the Old Company Program over WEAF and the network of stations associated with the NBC System, at 7 o'clock Sunday evening, January 6.

A bore had been talking for over an hour about himself and his achievements.

"I'm a self-made man, that's what I am—a self-made man," he gloated. "You quit work too soon," came a weary voice from the corner.

Shop Girl—A pair of silk stockings, sir? Certainly. Do you prefer beige, pale fawn, champagne, pearl, bluish, atmosphere, froth, grain, sawdust, melon, straw, oyster, bleached mauve, gunmetal, moonlight, or shadow?

Young Man—I-I never thought of that. Perhaps I'd better buy her a bracelet instead.

Disappointed.

Painter (after 50-foot fall): "What's this you're giving me—water? How far's a fellow got to fall before you give him something stronger?"

Just Stew.

Modern Girl—(to fiancé): Hugo, what a charming little ornament you have sent me. But what is it? It's made of gold, but it's not a brooch, nor a ring nor a bracelet; I've never seen anything like it. What is it?

Hugo: A thimble.

FLU

is now Epidemic!

Compared with 1918, this epidemic, so far, is mild; and yet, in spite of vastly increased capacity, the Vicks Laboratories are once more operating night and day to meet the emergency demand for more and more Vicks VapoRub. Over 432,000 jars are now being produced daily.

How best to use Vicks VapoRub

1. AS A PREVENTIVE

Several times a day, insert Vicks up the nostrils. Also melt a little night and morning in a bowl of boiling water and inhale the steaming medicated vapors. This helps to ward off germ-infection.

2. IF A COLD STARTS

If possible, go home and go to bed. Take a laxative and a hot lemonade. Apply hot, wet towels over throat and chest until the skin is thoroughly reddened. Then rub vigorously with Vicks. Spread on thickly and cover with warm flannel. Leave the bed-covering loose, so that the vapors, released by the body-warmth, may be freely inhaled. At the same time, Vicks also acts through the skin like a poultice. Repeat this treatment every four hours, eat lightly, and stay in bed until the cold is broken. Complete rest helps the body throw off the cold more quickly.

3. AFTER A FLU ATTACK

Physicians advise that the chief danger in this epidemic is after influenza. Then, more than ever, colds, attacking the weakened system, may lead to bronchitis, sinus-trouble or pneumonia. This is especially true of children or old folks. Heed even the slightest cold as a danger signal. Vicks is especially valuable here, because it is applied externally, and so can be used freely, as often as needed, without upsetting delicate digestions, as too much "dosing" is so apt to do.

Less risk of "flu" if you do two things

Precautions
you can take
immediately

Takes no chances

THERE is no use worrying every time you draw a breath for fear you will breathe in some influenza germs. Do the following two things and forget it: First, keep your nose and throat well protected, and second, keep your system in good condition. The chances are you will avoid contagion.

"As a first precaution, I am prescribing Misto with the special dropper which comes with every package, until you feel it trickling down your throat. It will clear your head wonderfully, relieve any inflammation; it will help dry up a running nose. It has a soothing effect on the throat, too. Gargle it for a sore throat or a little irritating cough. Above all, it protects the nose and throat against the germs of influenza."

"Just tilt your head back and apply Misto with the special dropper which comes with every package, until you feel it trickling down your throat. It will clear your head wonderfully, relieve any inflammation; it will help dry up a running nose. It has a soothing effect on the throat, too. Gargle it for a sore throat or a little irritating cough. Above all, it protects the nose and throat against the germs of influenza."

"This is the first precaution; now for the second: Physicians agree that, particularly in times of epidemic, weakening of the system due to purging by laxatives and cathartics is not advisable; therefore, many doctors are prescribing Nujol. It is not a laxative or cathartic but a pure, natural substance that helps your

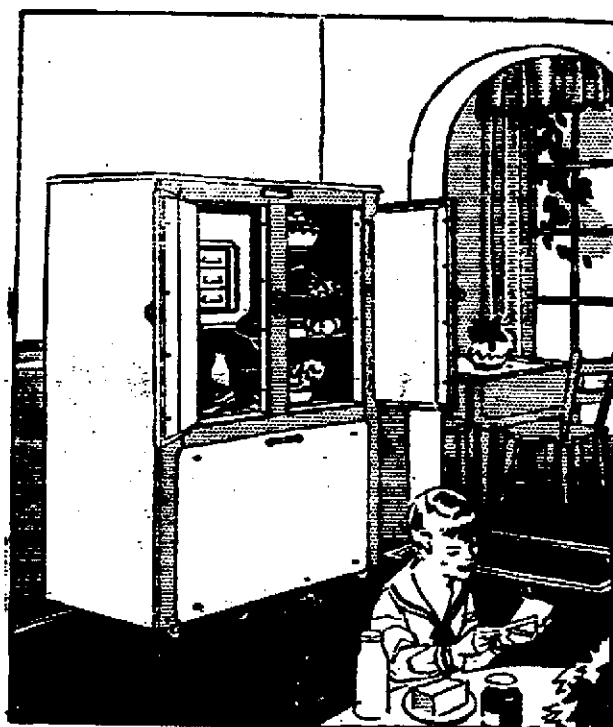

system function at all times the way nature intended it to. Like pure water, it is harmless. In no case does Nujol cause weakening of the system. Take it night and morning; it will keep you in first class condition. You will have a far better chance to resist "flu" or any other diseases that are going the rounds.

"The combination treatment of Nujol and Misto is a double safeguard against colds and influenza. Start this wise twofold precaution now. Don't delay. Put worry out of your mind. The chances are good that you will escape influenza and colds. Nujol and Misto are on sale at all druggists."

All Cooks Look Alike

to the hungry man, but what a sad disappointment when the "kitchen queen" quits suddenly and the table looks anything but satisfying to a zestful appetite. When in doubt is to what to do, use The Freeman's "Help Wanted" Cook-a-Wor! Department.

Good Health Depends On Proper Refrigeration

Frigidaire

ELECTRIC REFRIGERATION

"Eat plenty of fruit and vegetables and well refrigerated foods in the winter time," is the advice of the medical profession. Another important item of the prescription is that each person drink from five to eight glasses of clear, cold water a day. Properly refrigerated foods are the greatest aid to health—and a sparkling ice cube in a glass of water gives it a refreshing quality akin to nectar.

The New Frigidaire is a treasure chest of health for every member of the family. Its cold, dry atmosphere keeps foods at the proper temperature as prescribed by physicians. Careful tests and investigations have shown that food refrigerated in Frigidaire retains its freshness and flavor longer than by other methods. There is always a supply of ice cubes on hand, and in the freezing trays delicious frozen desserts and salads are easily prepared. If it's health and convenience you wish for your family invest in a Frigidaire!

Chicago 'Phone Booths Closed

and Bruggene Owners Revolt Against New Contract Proposed by Telephone Company Which They Say Represents Big Loss.

Chicago, Jan. 3 (AP).—Buy a 'phone didn't mean much in Chicago. Most of the telephone booths, hotels, drugstores and other places were closed to the public because of contract differences between the owners and the Illinois Telephone Company.

Under contracts between the 'phone company and the hotels and business places, which had been in effect 25 years, provided for a guarantee of 'phone calls a day on each telephone, dividing the fees for all over the guarantee equally between the company and the subscriber.

New contracts, against which the subscribers now are in revolt, eliminate the guarantee and provide that the company shall take 75% of every dollar, with 25% for the subscriber.

Hotel and drugstore owners, having many booths, declare this represents a great loss of revenue. Small subscribers, however, who formerly received only 20 per cent of receipts above the guarantee, benefit. The larger subscribers, out in this connection that the who would benefit under the new contracts are a negligible minority.

Downtown hotels, drug and department stores have approximately 100 booths.

K. H. Blatchford, secretary of the Chicago Hotel Association, said no telephone service will be provided in the 30 hotels represented by the organization until a settlement is reached.

PATRIOTIC ORGANIZATIONS FAIL TO PREVENT LECTURE.

Washington, Jan. 3 (AP).—A last minute attempt by several national-known patriotic organizations to prevent an address in the Central High School tonight by Norman Angell, author and lecturer, whom they characterized as a "meathead" to national defense and an internationalist, failed when the school board declined to act.

Members of the board said last night that they hesitated to take any action that might "abrogate the right of free speech as guaranteed under the constitution."

H. Ralph Burton represented the National Patriotic League and the American Patriot, a Washington publication, and said he represented "in spirit" the American Legion, Barton also counsel for the daughters of the American Revolution, but that organization had not taken any action in the matter. He charged Angell's views on pacifism and socialism are closely allied with the principles of communism.

SECOND RESOLUTION OF RESERVATION CONSIDERED.

Washington, Jan. 3 (AP).—A second resolution of reservation to the Angell treaty, was placed before the senate today by Senator Blaine, republican of Wisconsin, who proposed that Great Britain's consent in connection with the treaty negotiations be not considered as allowing that nation any "reversion" in its adherence.

Baxter; two sisters, Mrs. James Callum of Troy and Mrs. William Shaugnessy of Boston, and one brother, D. Freeman Baxter of Troy. Interment will be in Oakwood cemetery, Troy.

Mrs. Mary Smith Albright, widow of E. V. Albright, died at her home in Poughkeepsie on Tuesday following a stroke which affected her throat. Mrs. Albright had made her home for a number of years with her son and was an active member of the Methodist Church. She is survived by two sons, William B. of Poughkeepsie, and Harry V. of Highland, one brother, Mark Polhemus of Dobbs Ferry, and two grandchildren, Frances and Bonah Albright of Highland. Funeral services Friday afternoon at 2 o'clock in the Poughkeepsie Church. Interment in the Lloyd cemetery.

Leifhardt, Jan. 2.—Mrs. Henry D. DeWitt, a highly respected and lifelong resident of this place, died at her home on Tuesday evening, January 1, after an illness of three weeks. Mrs. DeWitt was 72 years of age and a member of the Lehigh M. E. Church. She was well known and beloved by many friends. She was a devoted wife and mother, and her loss will be keenly felt in the home. She is survived by her husband, one daughter, Mrs. Leslie Quick; one grandson, Henry Quick, Jr.; one brother, Jacob Hornbeck of Rochester Center and three sisters, Mrs. Moses Evers of West Hurley, Mrs. Charles Brown of Cornwall and Mrs. Amelia Markle of Rochester Center. Funeral services from her late home on Saturday afternoon, January 5, at 1 o'clock. Interment at the Rochester Center Cemetery.

Hezekiah Eltinge, 83, died at his home, 2094 Holland avenue, Utica, N. Y., Monday morning, December 17. He had been feeble for a long time, but was confined to his bed for only one day. Mr. Eltinge was one of the oldest and probably the oldest business man in Utica. He had been connected with Utica business concerns for 65 years and had a proprietary interest in business there for 57 years. From his organization in March, 1883, he had been director and secretary of the West End Brewing Company; a record of service as faithful as it was long and one unique in the history of the corporation. Mr. Eltinge was born in New Paltz May 13, 1845. He was of Dutch descent, his ancestors coming to America in 1630, soon after edict of Nantes. Mr. Eltinge was brought up in New Paltz and received academic instruction. In 1863 he went to Utica and went to work as clerk in the grocery store of his cousin, George DuBois. Mr. Eltinge remained a salesman until 1871 when he bought an interest in the firm which became George DuBois & Company. In 1880 he went to work as salesman for Sherwood and Golden, grocery dealers, and remained with them several years. When the West End Brewing Company was organized in 1885 Mr. Eltinge entered the establishment as bookkeeper and remained in that capacity several years. In 1890 he returned to the grocery business and with W. C. Gray formed the firm of Eltinge and Gray. In 1903 Mr. Eltinge withdrew from this firm and had since engaged in various lines of business. From its organization in March, 1888, he had been a director and secretary of the West End Brewing Company. In 1911 he established the Franklin 5 and 10-cent store on Franklin Square. Commencing in 1905 he was for a number of seasons steward of the Otter Lake Hotel. He was a member of the Utica Mechanics' Association while it existed. For some years, Mr. Eltinge lived at "Waterville and Whitesboro." He had attended the Dutch Reformed Church since going to Utica. In 1871 Mr. Eltinge married Selma A. Crawford of Portland, Me., who died in February, 1924. He leaves five children, Charles of Brookfield; Ezerene, wife of Gustave Ziemann, of Bound Brook, N. J.; Martha, teacher of languages in a high school at Elizabeth, N. J.; Silas, in business in New Berlin, and Rebecca, a teacher in Washington, D. C. He also leaves nine grandchildren, one of whom, Elizabeth Eltinge Peters, lived with him, and he also leaves several great grandchildren. His mother, Mrs. Sarah Eltinge, died in 1913 in her 96th year.

ITALIAN STEAMER IN DISTRESS ON ATLANTIC

New York, Jan. 3 (AP).—The Italian freight steamer Kobe, which left Philadelphia December 28 for Venice, sent out a distress call today 1,200 miles east of New York, saying that her rudder was broken.

The steamer Angelina de Larrinaga, from Shields, England, for Galveston, reported that she was on her way to assist the freighter.

AMBASSADOR HERRICK REPORTED MUCH IMPROVED.

Cleveland, Ohio, Jan. 3 (AP).—The condition of Myron T. Herrick, United States ambassador to France, who is ill with asthmatic influenza, was reported as "much improved" early today by Dr. John Phillips, attending physician.

Last night Mr. Herrick was able to sit up in bed to read and listen to the radio.

Mendelssohn Club Safford Will Faces Big Tasks Filed for Probate

After a recess during the holiday season, the Mendelssohn Club will resume rehearsals Friday night at 7:45 o'clock in the room which the club so kindly contribute for this use in the cause of good music.

President Arthur C. Connelly has urged every member of the club to be present Friday night to get down to earnest work in preparation for important schedule which the Mendelssohn Club has undertaken. The first concert of the season will be held here on Friday, March 8. The second concert will be given probably in May. In addition to the usual two local concerts with which the club entertains its friends each year, in the latter part of May the Mendelssohn Club will journey to New York for two days for one of the most important tasks it has ever undertaken. The local club will enter the club competition meet for prizes on the first day, and the next day will take part in a mass concert of 5,000 male voices in Madison Square Garden, seating 20,000.

On account of the importance which the club attaches to the meet, when it will sing in competition with the best club clubs of the country, the Mendelssohn Club will probably find it necessary to disqualify those members who do not regularly attend rehearsals.

A large number of new members have been admitted to active membership in the club this year and find it not only a pleasure but a distinct benefit to rehearse under the baton of Prof. Elmer A. Tidmarsh, the club's conductor. To work and sing in the Mendelssohn Club under this learn not only how to sing but is in itself an education in the appreciation of music.

Men interested in singing who wish to discuss joining the Mendelssohn Club may get full information at any time by contacting Charles B. Finch, chairman of the membership committee.

Asks for Gambling License for Gould

Nice, France, Jan. 3 (AP).—Failure of the French government to issue a gambling license has prevented the opening of Frank Jay Gould's new \$5,000,000 casino.

The situation today was regarded as so serious to the welfare of the city that the mayor of Nice went to Paris to plead that the government grant a license to the establishment. City leaders feared that the inability to open a casino, and the resultant heavy loss to its builder might result in other foreign capitalists becoming unwilling to invest their money in France.

The gala opening was widely advertised for New Year's Day. Hundreds of persons dressed in evening clothes waited outside the gates for several hours while 500 employees, including waiters, couplets, cashiers and managers, stood at their posts within.

Authority of the city council to operate what had been described as the most beautiful European casino had been obtained, but the opening was suddenly canceled because the government had not issued a license. Mr. Gould is one of the six children of Jay Gould.

NOTICE OF ANNUAL ELECTION.

The Annual Election of the Kingston Chamber of Commerce will be held in the Chamber of Commerce rooms, 412 Broadway, on Tuesday, January 15, 1929. Polls close at 8 p. m.

King Has Long Road to Recovery

London, Jan. 3 (AP).—With King George entering the seventh week of his serious illness word came from the royal bedside today which was encouraging in its general tone although it continued to indicate his road to recovery was likely to be a long, hard one.

The morning medical bulletin reported no change in the king's condition. His night was a restless one and to this fact his failure to continue the improvement reported last night presumably might be attributed.

The public had been warned, however, that the king's progress must be expected to be very slow. There was no apparent disposition to view the situation in any way differently from yesterday, when cheering predictions of the monarch's sure if slow emergency from his prolonged ordeal came from authoritative quarters.

It was indicated in palace circles that today's bulletin was not regarded as unsatisfactory. Although the king for the second time in succession spent a restless night, there has been no definite check in the progress he has been making.

CONTINUE FIRM NAME OF SAFFORD & SCUDDER

The jewelry firm of Safford & Scudder of 310 Wall street will be continued under the same firm name by Samuel D. Scudder, Jr. He has taken over the entire ownership of the business, acquiring the interest of the late Charles H. Safford, who conducted the business since the death of his father who established the business. The optical department which was conducted by Mr. Safford will be discontinued.

Gil's Plan for Peace in Mexico

Mexico City, Jan. 3 (AP).—President Portes Gil today announced a plan to accept the surrender of the insurgents by which he hopes to pacify the country within two months.

The President has instructed military commanders in all zones where insurgents are active to accept their surrender in case overtures are made and to grant them safe conduct to their homes.

The government will pay each insurgent 25 pesos (\$10) for his rifle and 30 pesos for his saddle. It also will give him a parcel of land and implements to till it in case he so desires.

Upper Room Mission Meeting.

The regular weekly Friday night meeting will be held at Bedford's Upper Room Mission in the Netburn Building, 262 Broadway, near the West Shore at 7:30. As usual this service will consist of earnest prayers and testimonies, hearty singing and an interesting and helpful gospel message. It is hoped that a large attendance will be present at this first service of the Upper Room Mission of the year. Everyone welcome.

Sunday Entertainment.

An entertainment will be given Sunday evening at 8 o'clock in Ahavath Israel Hall, Wurts street, by ladies of the congregation. Refreshments will be served. The public is invited.

Skating on Strubel's Pond.

The present cold snap has put the ice on Strubel's pond in good condition for skating, so that sport will be enjoyed there tonight.

Results in Three Endurance Flights

(By The Associated Press.)

Only survivor of three 1929 endurance flight attempts in the west, the tri-motored monoplane Question Mark continued flying between Los Angeles and San Diego today in a duration test of men and motors which may last weeks. The third day of the refueling endurance flight began at 7:24 o'clock this morning, just after it had taken on a new supply of fuel from Refueling Plane No. 2.

Miss Bobbie Trout, 15, set a new woman's endurance record of 12 hours, 11 minutes when she landed at Los Angeles at 5:34 p. m., last night, thus bettering the record of eight hours, six minutes, held by Viola Gentry.

Blaine M. Tuxhorn and Leonard Rhiner were disqualified at 7:46 p. m. Wednesday at Marshall, Mo., after 10 hours, 54 minutes aloft in their assault on the refueling endurance record, but they claimed a new record for flight through ground refueling.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation if you write to me. Eugene M. Pullen, Carpenter, 2770 Marcellus Avenue, Manassas, Va. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of the rupture and the worry and danger of an operation.

Because the experience and suggestions gained from a million Super-Six owners led to the 64 improvements now introduced, the new Hudson is to be known as the Greater Hudson.

It is to this vast army of experts that this invitation to examine and drive the car and place upon it their appraisal is made. So emphatically does the Greater Hudson answer their wishes that we leave to them the verdict of its beauty, appearance, performance and value.

No car has ever held greater prestige from the standpoint of value. No car has been regarded as being better on the road or having such a satisfactory motor. In the Greater Hudson you will find that in these as well as other particulars a higher standard is set. No group of owners is better qualified to judge values. None know so well what smoothness and reliability—easy driving and easy riding means. So what they say of the Greater Hudson will be authoritative and conclusive. It is their judgment that we now invite.

ACTIVITIES AT ALBANY AVENUE BAPTIST CHURCH

The prayer meeting tonight at the Albany Avenue Baptist Church will be the first of the new year. It will be the most important meeting, and part of the time will be given to a mission study class which will start at this time. The topic will be "The Power House."

The regular meeting of the Women's Missionary Society will be held in the church parlors Friday afternoon at 2 o'clock. The hostesses will be Mrs. F. B. Martin and Mrs. H. B. Rich. The program will be as follows: Devotions, Mrs. George H. Spivey, Jr. Discussion, "What Next in Home Missions?" led by Mrs. E. C. Halpern and Mrs. J. Grove Brown. Biography of Mrs. Joanna P. Moore, Mrs. Harry Klotz. An interesting foreign mission exhibit will also be shown.

On this coming first Sunday of the new year the ordinance of the Lord's Supper will be observed at the morning service and a number of new members will receive the hand of fellowship.

READ FREEMAN 51 YEARS, CAN'T DO WITHOUT IT

Mrs. J. H. Bush, a resident of Newburgh, who has reached the ripe old age of 83 years, renewed her subscription to the Kingston Daily Freeman today, saying that after reading the paper for 51 years she could not get along without it.

This Orange County lady, who considers the Freeman essential in her daily life, renewed her subscription by letter. The message was written in a clear hand by Mrs. Bush, who does not use glasses. She has her second eyesight.

Mrs. Bush, whose husband died on February 4, is a sister of Kathryn Sutton of St. Remy, who is correspondent for the Freeman in that place.

Fish and Game Meeting. The annual meeting of the Ulster County Fish and Game Protective Association will be held this evening at the court house at 8 o'clock.

Market for Fruits And Vegetables

New York, Jan. 3.—(State Department of Agriculture and Markets)—Florida fresh spring beans prices advanced further on the New York city wholesale sections today. Doubtless due to the limited receipts. The demand was, as a whole, moderate. The very fanciest tender green bean reached \$4.50 per seven eighths bushel hamper. Green round sold as high as \$3.00 and wax beans at \$2.50.

White potato values were hardening. Trading was fair and supplies were moderate. Maine Green Mountains in bulk peddled out at \$2.25-\$2.50 per 100 pounds. Bermuda new crop No. 1 red potatoes, packed in the double-headed barrels, sold at \$8.00.

The demand for celery was again slow and in consequence the market ruled dull with prices tending downward. Western New York celery in the rough peddled out at \$2.50-\$3.25, while California consignments ranged from \$5.00-\$7.50 per large crate.

Receipts of State apples were rather light. The demand was light. Price changes, however, were small and unimportant, especially on fine quality fruit. Boxed apples from Washington wholesales as follows: Home Beauty, \$1.50-\$2.50; Delicious, \$1.75-\$2.75; Winesap, \$1.90-\$2.65; Spitzenberg, \$1.50-\$2.90; Jonathan, \$1.40-\$2.20, and McIntoshes, \$1.50-\$2.45.

Western New York cabbage supplies were moderate. Prices strengthened slightly. Early morning buying was fair. White Danish in bulk peddled out at \$48.00-\$50.00 per ton and red at \$60.00-\$75.00.

Cabbage shipments for the entire country during the preceding week amounted to 553 cars of old crop and 58 of new, as compared with 524 cars of old and 111 of new during the corresponding week last season.

Virginia spinach prices slumped further. Receipts were moderate but the demand was very poor. Bushel baskets jobbed out at 50c.

75 cents, occasionally as high as \$1.00. Texas offerings in similar packages brought 75c-\$1.25.

THORNE MADE PLANS AND TRAINING OFFICER

Major Edward E. Thorne of 217 New Scotland Avenue, Albany, has been made plans and training officer of the 36th Infantry, organized reserves, according to war department orders received recently by Lieutenant Colonel A. D. Budd of Albany.

Major Thorne was born in Watervliet July 24, 1876, and after being graduated from Round Lake Academy moved to Albany where he has been identified with national guard activities for years. He served throughout the Spanish-American war as an enlisted man in the Tenth Infantry and rose to be captain of "B" company. During the World War he was Captain in the Fifty-first Infantry and saw action in the St. Mihiel offensive and in the Meuse-Moselle battles.

Major Thorne has many friends in Kingston, a number of World War veterans here having served under him.

Exempts Meet Tonight.

The Exempt firemen will hold an important meeting at the Central Fire Station this evening at 8 o'clock.

FINE FOR CHILDREN!

Give them a good start in life, with happy smiles and healthy little bodies. Children need a mild corrective occasionally to regulate stomach and bowels. Dr. Edwards' Olive Tablets are a safe vegetable compound mixed with olive oil. They tone up and regulate the eliminative tract. Not a nasty cathartic or a habit-forming medicine, but a safe pleasant remedy for constipation, sour stomach, torpid liver, bad breath, and similar disorders. Dr. Edwards, a widely known family physician of Ohio, prescribed these tablets for many years in his own practice. Children from six years up are greatly helped by them and like to take them. Recognized by their olive color, these little tablets that many children are subject to keep their bodies in active healthy condition, skin clear and eyes bright with the light of perfect health. 15c, 30c and 60c sizes.

Republican Club Meets Thursday

The Republican Club will hold its first meeting of the new year on next Thursday evening, January 10, at Pythian Hall, Broadway and Thomas street. It was first planned to meet tonight but it was finally decided to adjourn the meeting for a week.

Members are urged to attend the first meeting as business of importance will be brought up.
